To our French colleagues of CGT

Dear colleagues,

On behalf of the FSS-CCOO Spain, we show our solidarity with our colleagues of the CGT due to the recent information about Albert Papadacci who has been accused of “complicity in public defamation of a private individual” after analysing in a broadcast on French television what has happened in the nursing homes during Covid-19 crisis. The FSS-CCOO hopes that these legal proceedings will be withdrawn by Korian group’s management and that a positive solution will be found soon.

In solidarity,

Yolanda Gil Alonso
